Consent for Release of Student Photograph and Personally Identifiable Information for Internet Publication and Publicity

We are sending this consent form to you to request permission for your student's photo/image and/or personally identifiable information to be published on the district and school websites and social media sites (Facebook, Twitter, Instagram), and in district newsletters, presentations, and press releases. The Helendale School District would like to share news about student achievements and celebrate our educational programs with the entire community. Throughout the year we may use photographs of students for that purpose; however, we are permitted to use a student's photo or personally identifiable information only with parental consent.

Under no circumstances will the school or district post or release personally identifiable information about a student other than **photos/images, name, grade, school, and any class or activity in which the student participates.**
